Of course will fwd invites in a bit. My email down now.

Scheduled calls I know about are

Mwf at 1300 epa exec call with regions

W at 1030 OEM call with regions

There is a monitoring plan call today at 1200.

I'll start sending you a routine daily update late in the day like the one I sent yesterday afternoon. If you want to talk instead that's great. But I figure your pretty busy.

Thank you

Mike Barry

Mike, I am not up to date on the schedule for calls with IC. Can you send me invites for any conference calls or updates with HQ or the regions so I can participate. Thanks
